

Computer Science

CURRICULUM OUTLINE

KS4 Curriculum Outline		Subject: COMPUTER SCIENCE
	Year 10	Year 11
Autumn 1	Systems Architecture Memory Translators and Facilitators Computational Logic	Programming Skills Audit
Autumn 2	Storage Systems Software Wired and Wireless Networks Programming Techniques	NEA Externally set assessment
Spring 1	Producing Robust Programs Programming Development	NEA Externally set assessment Translators and Facilitators Computational Logic
Spring 2	Producing Robust Programs Programming Development	System Security Ethical, legal, cultural and environmental issues in IT
Summer 1	Network Topologies Data Representations Programming Development	Revision
Summer 2	Data Representation Programming Development	Exam
