## **Introduction**

The Global Academy uses the Gatsby Benchmarks as a guide to plan our Careers and Industry programme. See our Careers Programme for full details.

As part of our commitment to informing our students of the full range of employment, learning and training pathways on offer to them - we are happy to consider requests from training, apprenticeship and vocational education providers – particular with a media or creative industry focus, to speak to students.

This policy statement sets out the Academy's arrangements for managing the access of providers to pupils at the Academy. This complies with the Academy's legal obligations under Section 42B of the Education Act 1997.

## **Student entitlement**

- As part of our Global Cultural Learning programme - Students in years 10-13 are entitled to find out about apprenticeship, employment and alternative technical training opportunities as part of a careers programme which provides information on the full range of education and training options available at each transition point. (end of Year 11 and end of Year 13).
- To hear from a range of local and national providers about the opportunities they offer, including technical education and apprenticeships – through options evenings, assemblies and group discussions and taster events.
- To understand how to make applications for the full range of academic and technical courses.
