

Global Cultural Learning – Key Stage 4

Global Cultural Learning (GCL) is the Global Academy-branded version of Personal, Social, Health Education (PSHE). We cover a range of topics in support of the students’ personal development and safeguarding.

Each half term we evaluate the needs of the students via student voice, safeguarding and behaviour data to help identify gaps in student knowledge and the topics they would like covered.

In accordance with statutory guidance, we cover Fundamental British Values (FBV), Relationships & Sex Education (RSE) and elements of Religious Education.
